

**M-L District:** Established to provide for economic development and job opportunities by accommodating a mix of light industrial and business uses and related uses in settings outside of industrial parks but designated for industrial use in the comprehensive plan. Activities in M-L districts shall have limited traffic and other impacts on uses in other districts through proper location on major streets, adherence to ordinance performance standards and provision of space and physical buffers as prescribed. Areas designated for industrial uses in the comprehensive plan are best suited for rezoning in this district.

Lands qualifying for inclusion in the M-L district shall be lands within areas mapped as urban expansion, village, or village expansion in the Comprehensive Plan which are served by or planned for connections to public sewer and water.
